

HD SERIES

**TOUGH
NEVER LOOKED
SO GOOD**

LED LIGHT RANGE

OUR LIGHT RANGE OFFERS A TOTALLY UNIQUE STYLING THAT WILL SET YOUR VEHICLE APART.

Rhino4x4 offer a range of high quality, high powered LED lights to complement our vehicle protection products. As with all of our products they are tough, come with high specifications and actually look good. Function does not have to look like it belongs on the front of a Mack Truck.

They all come with an excellent 3 year replacement warranty and will withstand whatever you throw at them. They are also Military grade IP 68 waterproof rated which means you will have no water or dust ingress issues with river crossings or cleaning.
